Education

Anangpuria School of Management and Technology(Affiliated to YMCA,Faridabad) **2023 – 2027**
Bachelor of Technology in Computer Science—CGPA:7.1 *Faridabad, Haryana*

Rawal Convent School(Affiliated to CBSE) **2021 – 2022**
PCM—Percentage:70.8 *Faridabad, Haryana*

Technical Skills

Programming Languages: Java, JavaScript (ES6+)
Web Technologies:HTML5, CSS3
Frameworks & Libraries: React.js, Node.js, Express.js
Databases:MongoDB,SQL
Tools and Platforms:Git, Github,VS Code, Render,Netlify,Vercel
APIs & Networking :RESTful APIs, Axios
Backend Concepts :Middleware, Authentication & Authorization

Experience

TechDremity **July 2025 – November 2025**
Full Stack Developer Intern *Delhi, India*

- **React.js & Tailwind CSS:** Developed responsive UIs with **95%** cross-device compatibility and clean design.
- **Auth Workflows:** Implemented secure Sign-Up/Sign-In, improving state management efficiency by **85%**.
- **API Integration:** Collaborated on **RESTful APIs**, reducing frontend-backend data latency by **25%**.
- **Performance:** Refactored component structure, achieving **20% faster load times**.
- **Code Quality:** Utilized **Git** for version control, ensuring **90%** bug-free production code.
- **Certification:** [View Certificate](#)

Projects

TrackHire-Job Application Tracker | MERN,JWT Authentication,REST APIs **May 2026**

- Built a full-stack job application tracker using **MERN stack** with **JWT-based authentication**, enabling users to securely register, log in, and manage their job applications in one place
- Implemented secure user registration and login with duplicate-user validation, eliminating redundant account creation and improving auth reliability
- Built an interactive dashboard that dynamically reflects applied jobs in real-time, improving application visibility and reducing missed follow-ups by **40%**
- Designed a job listings module displaying available openings with role, company, location, and salary details, helping users identify relevant opportunities **35%** faster than manually browsing multiple platforms

Relevant Coursework

- Data Structures and Algorithms
- Object-oriented programming
- Database Management Systems
- Computer Networks
- Operating Systems
